

11 WAYS PROSPEROUS PEOPLE THINK DIFFERENTLY ABOUT MONEY

CONSIDER THIS . . .

Money has a greater influence on our lives than almost any other commodity. If we wish to attract money to ourselves, we must foster a prosperity consciousness.

HOW DO WE DO IT?

Inspired by Bob Proctor's book, *You Were Born Rich*, this infographic shares 11 key differences in consciousness between those who continuously attract money and success, and those who remain where they are.

PLUS, it shares Bob's favorite affirmation for developing a prosperity consciousness.

PROSPERITY CONSCIOUSNESS

1. I am part of an opulent Universe and I am always protected.
2. I desire AND expect an abundance.
3. I see myself as successful and financially free.
4. Rather than following the crowd, I follow the quiet voice inside that speaks in feelings rather than words.
5. Obstacles are opportunities. Look for the good in every situation.
6. My thoughts are focused on what I want.
7. I think only of ways I can do what I want to do.
8. I'll see it when I believe it.
9. I enjoy giving to others.
10. Money comes to me from a variety of sources each month.
11. I am constantly learning and growing.

SCARCITY CONSCIOUSNESS

1. There's not enough to go around. Everyone can't be wealthy.
2. I wish I was rich.
3. I see myself with a job that pays the bills and a little extra.
4. I live my life according to the norms and what I've been told to do.
5. I keep failing or getting blocked. To get what I want, I have to force it.
6. My thoughts are focused on my current circumstances.
7. I think of all the reasons I cannot do the things I want to do.
8. I'll believe it when I see it.
9. If I give things away, I'll lose what I have.
10. Money comes to me from my job.
11. I already know everything I need to know.

PROSPERITY CONSCIOUSNESS AFFIRMATION

Affirmations can help you make significant changes in your life. However, you may not automatically believe the affirmative statement.

You will feel less resistance and thus be more willing to accept the new thought by consciously impressing the affirmation upon the subconscious over and over until it takes root.

So, read or write the following statement at least 10-20 times a day to get your intellectual (conscious) mind working in harmony with your emotional (subconscious) mind. When the idea becomes fixed in your mind, by Law, your actions will create the results you want.

I'm so happy and grateful now that money comes to me in increasing quantities, through multiple sources on a continuous basis!

Bob Proctor is the author of *You Were Born Rich*. Using the principles he now teaches, Bob went from earning \$4,000 a year to earning well over a million dollars in less than 5 years! When he figured out how he did it, Bob vowed to spend the rest of his life teaching these principles to others. Since then, he has helped millions around the world richer lives.
